The screenshot shows the Kencom website interface. On the right side, under the '今日の記録' (Today's Record) section, the step count is displayed as '108 歩'. A blue dashed circle highlights the '+' button next to the number. Below the step count is a line graph showing step counts for the days 22 through 28. The text '表示期間の記録がありません。' (No records for the display period) is visible, along with an '入力する' (Input) button. At the bottom, there is a note: '今日の記録は日々の歩数や体重を記録することができます。' (Today's record allows recording daily step count and weight).

② 修正日付を選択して

The screenshot shows a modal dialog titled '歩数入力' (Step Input). At the top, the date '2022/9/28' is displayed between left and right navigation arrows. Below the date, the text '歩数を入力してください' (Please enter the number of steps) is followed by the number '108' in a blue box, with the unit '歩' (steps) to its right. A blue dashed circle highlights the '108'. Below this is a text input field for '今日のコメント' (Today's Comment) with the placeholder text '今日あった出来事など書いてみましょう' (Try writing about what happened today). At the bottom, there are two buttons: 'キャンセル' (Cancel) and '登録する' (Register).

③正しい歩数（歩数計の値）を入力して“登録する”

This screenshot is identical to the previous one, showing the '歩数入力' dialog box. In this step, a blue dashed circle highlights the '登録する' (Register) button at the bottom right of the dialog.
